

Abeyla Exports

Focused Global Supply

17th August 2018

Dear Valued Customers,

There is a general steel price increase across the board of approximately 3 - 5% effective 1st August 2018.

The percentages indicated may vary depending on the actual product.

Once again we intend to apply a policy of "price ruling at date of dispatch".

All other conditions will remain unchanged and as always subject to our General Conditions of Sale.

Please reconfirm all quoted prices prior to any order placement.

We thank you for your continued support and will continue to ensure we add value to your operation.

Kind regards,

Ropa Mhlanga
